SEATED A POPULIST.

Cotested Election Case Disposed of in Congress.

MOORE DECLARED ELECTED.

The Oath of Office Administered Amidst Scattered Applause—A Variety of Subjects Considered in the House—The Sundry Civil Bill Passed by the Senate—A Number of Other Bills Passed.

WASHINGTON, Aug. 3.—The house yesterday passed a bill authorizing the purchase of the property and the franchises of the Choctaw Coal and Railway company. Unanimous consent for the consideration of a bill for the suppression of the lottery traffic was objected to.

A bill was passed to remove the charge of dishonorable dismissal from the record of Cyrus Paine.

Mr. Grosvenor (Rep., O.) arose to a question of privilege in connection with a resolution he introduced some time ago calling for a report from the war department upon the courtmartial of a soldier at Omaha for refusing to participate in target practice on Sunday. A reply had been received from the war department. Mr. Grosvenor had no criticism to offer upon the ground of the courtmartial, viz., that a private soldier had no right to disobey the commands of his superiors, but he insisted that the officer ordering the Sunday target practice did so in plain violation of the order of President Lincoln in 1862, and in direct violation of the statutes of Nebraska. Mr. Grosvenor passed some severe strictures on the courtmartial and the general who had approved it and ordered its decree executed.

"The action of that brigadier general," said he, "was the outgrowth either of the most stolid and inconceivable ignorance or a total disregard of all that was right and proper." Mr. Grosvenor paid a high tribute to President Cleveland, who had ordered the officer who issued the Sunday target practice order to be arrested, tried and punished for violation of the order of President Lincoln.

Mr. Outhwaite (Dem., O.), chairman of the military affairs committee, read a letter he had received from Adjutant General Ruggles concerning the punishment of the officer who had violated President Lincoln's order.

The conference report on the District of Columbia appropriation bill was agreed to.

Mr. Brown (Dem., Ind.) from the committee on elections then called up the cotested election case of Moore vs. Funston. Before adjournment Wednesday the house defeated the minority report, and the vote was taken on the majority resolution declaring Mr. Funston, Republican, the contestee, not elected, and Mr. Moore, Democrat-Populist, entitled to the seat. The resolution was adopted, 146 to 87. Six Democrats, Messrs. Barnes of Wisconsin, Hall of Minnesota, Griffin of Michigan, Harter of Ohio, Paynter of Kentucky and Pendleton of Texas, voted with the Republicans, against Mr. Moore.

Upon the announcement of the vote, Mr. Moore came forward to the bar of the house, and took the oath, amid scattering applause.

Mr. Holman (Dem., Ind.) chairman of the committee on Indian affairs, then called up the conference report on the Indian appropriation bill. The report was agreed to and another conference was ordered on the remaining points of difference between the two houses.

An hour was spent in the discussion of a bill to authorize the secretary of the navy to establish and maintain free public schools for children under 17 years of age at Washington, on the naval reserve of the Pensacola bay, Florida, but no action was taken and, at 3 o'clock p. m., the house adjourned.

In the Senate.

WASHINGTON, Aug. 3.—But one more appropriation bill—the deficiency—remains to be acted on by the senate, the sundry civil having been passed yesterday after a three days' discussion. The most important amendments adopted yesterday were the increase of the quarantine fund from \$624,000 to \$1,000,000, and donating 1,000,000 acres of "desert" lands to the states to which the desert land laws apply, as well as to Nebraska, Kansas, Utah, Arizona, New Mexico and Oklahoma.

Among the petitions presented was one from members of the "United States industrial army," now encamped near Washington, which Mr. Peffer presented. It was referred to the committee on immigration and labor.

The report of the conferees on the District of Columbia appropriation bill was agreed to. The Hatch anti-option bill was reported to the senate by Mr. Washburn from the committee on agriculture, and placed on the calendar. Mr. George objected to the bill because he considered it inadequate to accomplish the desired reform.

Mr. Gray, chairman of the special committee to investigate the charges of bribery against senators, presented the unanimous report of the committee.

By the resolution of June 11, the committee was also instructed to investigate certain charges against members of both houses in regard to the construction and charter privileges of street railways in the District of Columbia, but no evidence or testimony had been submitted to the committee, and he therefore asked that they be discharged from further duty under the resolution of May 20.

Messrs. Lodge and Davis, Republicans, and Mr. Allen, Populist, made supplemental reports. Objection was made by Mr. Chandler to the request of the committee to be discharged at least

until the report could be read and examined, and accordingly the request went on the table for the present.

The following house bills were then passed: Placing James William Abert on the retired list of the army with the rank of major of engineers; placing Charles B. Stivers on the retired list of the army as captain of infantry; changing the lines between the eastern and western judicial district of North Carolina; for the relief of George B. Cosby; to donate four condemned cannons of the navy to Sac City, Ia., to be placed at the pedestal of the soldiers' monument, and for the construction of a military road from El Paso to Fort Bliss, Tex.

The general deficiency bill was then taken up, but was laid aside, and the senate at 5 o'clock went into executive session, and at 5:10 adjourned.

SINKING OF THE KOW SHING.

Official Report Made by the Captain and Chief Officer.

LONDON, Aug. 3.—The Japanese legation in this city has received the following dispatch for Tokio:

The signed affidavits of Captain Galsworthy and Chief Officer Tamplin of the Kow Shing, have been received. The captain says that the Kow Shing was chartered by the Chinese government and that she left Taku on July 23, with 1,100 soldiers on board for Khashan. Meeting the Japanese warship Naniwa, the latter signalled her to stop.

Continuing, the captain says: "I obeyed and she moved off. I then signalled 'Am I to proceed?' The Naniwa signalled in reply, 'Heave to or take the consequences.' This signal was not meant for the Kow Shing, but for a Chinese warship flying the Japanese flag and a white flag.

"The Naniwa sent an officer to the Kow Shing to see her papers, and he asked if I would follow the Naniwa. I answered, 'We are in your power.'

"The officer then returned to the Naniwa; he came back to the Kow Shing upon my signalling the wish to communicate personally with him. I told the officer, when he came back, that the Chinese generals would not allow me to follow the Naniwa and that they threatened my life if I did so or if I left the ship. After hearing this, the Japanese officer returned to the Naniwa, whereupon she signalled, 'Quit ship immediately.'

"I replied, 'I am not allowed to leave.'

"The Naniwa then hoisted a red flag at her foremast and repeated the signal to 'quit ship immediately.' Thereupon I called the engineers and other foreigners on deck.

"After a few minutes the Naniwa discharged a torpedo at us and began firing. I and several others jumped overboard. While in the water the Chinese on board the Kow Shing kept firing at us.

"I was picked up by a boat from the Naniwa as was Mr. Tamplin, the chief officer."

Chief Officer Tamplin's affidavit confirms the statement made by Captain Galsworthy and adds that the object of the second visit of the Japanese officer was to transfer the Europeans to the Naniwa before firing began. The Chinese, however, would not permit this.

PLANS FRUSTRATED.

An Unsuccessful Attempt to Hold Up an Express Train.

ST. LOUIS, Aug. 3.—An unsuccessful attempt was made last night to hold up train No. 3 on the St. Louis and San Francisco road. The train left the Union depot in St. Louis at 8:25 p. m. in charge of Conductor Mansfield. About 9:30, just before the train reached Eureka, in St. Louis county, 30 miles from the city, Wells-Fargo Express Messenger Ferguson started to go from the car in which he was at work to the one immediately in the rear, when he was confronted at the door by a masked man with a drawn revolver, who ordered him to throw up his hands.

Ferguson drew his revolver and commenced shooting. The robber returned the fire and sent one bullet through the messenger's shoulder and another through his hand. He then jumped from the train and escaped. He is undoubtedly wounded. He made no effort to secure any of the money in the car. He was probably scared off by the brave resistance of the express messenger. The injured man was taken to Pacific, five miles west of Eureka, where his wounds were dressed, and his car transferred to another man.

It is believed that more than one man was interested in the attempted robbery. Just before reaching Eureka a bomb exploded under the wheels of the engine. This was the signal to stop, and at this point the robber's confederates would have boarded the train. But when the messenger started toward the rear car the robber on the platform found it necessary to begin business at once, and the plans of the gang were frustrated.

When the train reached Pacific, Mo., Hiram Lowry, Henry Cullen and Downey Stewart, who were riding on the blind baggage, were taken into custody on suspicion of being implicated in the attempted hold-up. The men, who were unarmed, stated that they were railroad employees stealing a ride.

Discussing Hawaiian Affairs.

WASHINGTON, Aug. 3.—The Bouteille resolution for the recognition of the republic of Hawaii was discussed by the foreign affairs committee of the house yesterday. The committee decided in favor of the two clauses extending congratulations to the new republic and continuing to them the benefits of all treaties and arrangements made with the monarchy. The clause directing the president to give notice of the recognition was left unacted on, the committee adjourning until Saturday.

LUMBER DESTROYED.

Another Big Fire Occurs in Chicago.

GREAT DESTRUCTION DONE.

Before It Was Subdued It Had Wiped Out the Yards of the John Spry Lumber Company, A. I. McLean, Cedar Posts, and P. Farrell, Cedar Posts—Losses by Fire at Other Places.

CHICAGO, Aug. 3.—The lumber district was last night visited by a second fire which for a time threatened to rival in destructiveness that of the previous night. Before it was subdued it had wiped out the yards of the following concerns: John Spry Lumber company, A. I. McLean, cedar posts, and P. Farrell, cedar posts.

In addition to the lumberyards the wooden bridge over the Chicago river at Ashland avenue was totally destroyed. The fire was on a piece of land 250 feet long and half as wide lying between two loading slips for vessels. It was directly east of where the fire was checked Wednesday night.

The fire department had been gradually withdrawn during the day and in the evening but one engine company and two fireboats were playing on the smoking ashes of the yards burned over Wednesday night. At about 8 o'clock a lively blaze, supposed to have originated from some embers, sprang up in the north end of the Spry lumberyards. A high northwest wind was blowing, and the flames, which in a few minutes were beyond the control of the firemen, began to travel rapidly southward.

Calls for help were sent, but no power could have prevented the destruction of the Spry yards, and in 20 minutes they were a roaring furnace. The fireboats ran up, one to the east and one to the west of the burning lumber, and the engines devoted their attention for the most part to the protection of adjoining property, for they could not get down on the ground where the fire was located. The yards covered it from end to end, and on one side to side and were on fire in every part. For a time the danger was very great that the large lumberyards of the Beidler company, Cooper company and John Sheriffs would be destroyed, and if the fire had once obtained full sweep in them, there was no telling where it could be checked.

The long tongues of flame leaped almost across the river, which is fully 200 feet wide at this point, and set fire to the Ashland avenue bridge, which fell into the water within 15 minutes after it began to blaze. Just before it caught fire engine company No. 29 came thundering across it to work on the fire. A sheet of flame wrapped itself around the engine, sligh y scorching several men and badly burning Peter Fleming, the driver. Fleming clung to his seat, however, and urged his horses through the flames, both of them being severely singed.

A large 8-story building at 158 West Van Buren street, was cleaned out by fire last night while the lumberyards were blazing. The building was occupied by a number of small concerns, the largest of which were the Chicago Decorative Supply company, which lost \$20,000, and the Chicago Buyers company, dealers in baby carriages and bicycles, which lost \$25,000. The total loss to the building and its occupants will foot up \$50,000. The large brewery of Fortune Brothers, close by the burning building, had a narrow escape, catching fire several times. It was, however, saved with but slight damage.

FIRE IN DETROIT.

One Fireman Killed and Six Others Seriously Injured.

DETROIT, Aug. 3.—One fireman was killed and six were injured yesterday afternoon in a fire which destroyed the planingmill and lumberyards of E. G. Richards & Company and Hutton, Myles & Weeks. The property loss will aggregate close to \$60,000. The plants were located at Franklin and Rivard streets, adjoining the Detroit, Grand Haven and Milwaukee tracks. The blaze was discovered shortly after 3 o'clock.

The water supply was so poor that the firemen were hampered. They succeeded in preventing the flames from spreading into adjoining factories, but several freightcars with their contents were destroyed before they could be removed. The Richards planingmill was of brick, three stories high. At 4 o'clock two squads of pipemen were playing streams at the southeast corner of the mill when a portion of the wall gave way and a half dozen firemen were caught by the falling bricks.

Eugene McCarthy, single, pipeman, No. 19 company, was instantly killed, his body being frightfully mangled.

Those injured were:

Henry Trapp, pipeman, No. 6; body crushed, head cut, burned.

George W. Lyons, pipeman, No. 6; hip broken, body bruised.

Lieutenant Louis B. Tate, company No. 6; back injured, leg crushed.

Thomas Schieble, pipeman, No. 19; leg broken and burned.

Charles Boeberitz, pipeman, No. 19; body bruised.

The Richards planingmill was owned by H. A. Hutton, of the firm of Hutton, Myles & Weeks, and was leased to S. G. M. Gates of Bay City, who also owned the lumber in that portion of the yard. The plant was operated by Richards & Company for Gates. The property of Hutton, Myles & Weeks, which was consumed, consisted of lumber and small buildings. Their loss is about \$20,000. The loss on Richards' mill and yards is estimated at \$35,000.

Hutton, Myles & Weeks are quite fully insured. The Richards' mill is insured for \$12,500. Mr. Gates, owner of the lumber adjoining, is in Bay City, and the amount of his insurance is not yet learned.

FIRE IN PHILADELPHIA.

Two Firemen Killed and Two Others Seriously Injured.

PHILADELPHIA, Aug. 3.—Two firemen were killed and five injured in a fire yesterday which destroyed the Mill building at Randolph and Jefferson streets. The building is 200 feet long and four stories in height, and is situated in the heart of the mill district. It is owned by David Cochran, who occupied the third and fourth floor for spinning cotton yarns.

Part of the second floor was used by McCloskey & O'Hara as a carpet cleaning establishment. The fire is supposed to have originated from a spark struck by a nail in the picking machine on the second floor.

After the fire was quenched, seven firemen entered the third floor and turned their hose on a large quantity of cotton that was stored there. Suddenly, without the slightest warning, the floor gave way with a crash, precipitating the men to the first floor, where they were buried among the debris. Two of them were taken out dying, having been smothered by the bales of cotton.

The killed are:

George Geisler of engine No. 21.

George Dickel of Truck C.

They died on their way to the hospital. The five other firemen sustained less serious injuries. The coroner will investigate the condition of the floors and walls of the building.

The weight of the cotton caused the weakened floor joists to give way, and it is said that the supports were so weak that the added weight of the water caused the accident.

The loss on building and contents will aggregate \$55,000; fully insured.

Steamer Burned.

PORTLAND, Or., Aug. 3.—A private dispatch received here from Wameta, B. C., states that the steamer Columbia took fire at 1:30 last night while lying at the wharf, above the boundary line, on the Columbia river, and was entirely destroyed. No lives were lost. The loss is estimated at \$75,000. The steamer was owned by the Columbia and Kootenai Steam Navigation company.

Opera House Burned.

JAMESTOWN, N. Y., Aug. 3.—Allen's Opera House caught fire yesterday evening and the interior was gutted. The building cost \$84,000 and is practically ruined, although the walls remain standing. It is insured for \$21,000. The fire is supposed to have originated from an explosion of chemicals stored back of the stage.

One-Fourth of a Town Destroyed.

MINSK, Russia, Aug. 3.—A fire, supposed to be of incendiary origin, has destroyed one-fourth of this town. Many persons are missing and are believed to have perished.

TARIFF CONFERENCE.

No Report Will Be Made This Week Even if an Agreement Is Reached.

WASHINGTON, Aug. 3.—The Democratic tariff conferees did not make as marked a progress yesterday as they had hoped when they went into session. Members of the conference say good feeling still exists after the day's meeting, and that there is the same reason for the belief that an ultimate, amicable settlement will be reached, and that tomorrow may see the end of their deliberations. When asked if it was true, as has been generally understood, that there had been an agreement of all the schedules except sugar, a member of the committee said that such was not the fact, but he added that he thought with sugar out of the way the other differences might be harmonized.

"Yes," he said, "there are some very knotty questions to deal with outside of the sugar schedule."

There is no doubt that the session yesterday was devoted almost entirely to sugar and that various propositions have been discussed, but none agreed upon.

The house conferees went to Speaker Crisp's private office at the close of the meeting and discussed the situation. Chairman Wilson and his associates expressed satisfaction with the progress being made. Mr. Wilson said, however, that even if an agreement were reached, it could not be prepared in time to report this week.

DESPERADOES KILLED.

Two More of the Cook Gang Shot by a Posse.

SAPULPA, I. T., Aug. 3.—Two more of the Cook gang of desperadoes, to some of whose members is laid the bank robbery at Chandler, Tuesday, have paid the penalty of an outlaw's life. At this point, which is the terminus of the Santa Fe railway, a posse that had been chasing the gang came across Henry Munson and Lon Gordon yesterday afternoon.

Munson sighting the officers, the desperadoes immediately gave battle. The officers, however, had the drop on them, and the second volley from their Winchester brought the two men to the ground. Munson died instantly and Gordon was fatally wounded. He refused to tell of his comrades' whereabouts. Another of the gang was captured. One of the marshals was shot and severely wounded.

Caserio's Trial.

LYONS, Aug. 3.—The trial of Santo Caserio, the assassin of President Carnot, began here Thursday. It will last but a few days.

WELLMAN IS ALIVE.

The Arctic Explorer Has Been Heard From.

STILL GOING NORTHWARD.

Mr. Wellman Has Decided to Proceed as Previously Planned, Except That He Will Return to Walden Island Not Later Than September 1, and to Lie at Danes Island by September 15.

TROMSØ, Norway, Aug. 3.—News of the Wellman polar expedition has been received. It was brought by the sloop Malygen, Captain Pedersen, which has just arrived at Tromsø with news dispatches from the expedition, and also with Captain Bottolfson and three sailors of the steamer Ragnvaldjarl, which carried the Wellman party to the Arctic, but which has since been wrecked.

Captain Bottolfson furnishes the following narrative of the experiences of the expedition: "After several battles with young and win er ice the Ragnvaldjarl arrived, on May 12, at Table island, one of the seven islands group. The ice, however, compelled a return to Walden island, where Mr. Wellman left the ship on May 24 with 13 men, 40 dogs and 110 days' provisions. After the party had established a depot they proceeded eastward a distance of 65 miles, thence northeast, hoping to reach the land that is believed to exist in that direction.

Up to the day of the departure of the sledge party the expedition had had good weather, the worst being only 20 degrees below zero.

The members of the party were in good health when they left the ship. They intended to return over the same route by which they advanced, reaching northern Spitzbergen on Sept. 15 and headquarters at Danes island on Oct. 1.

On May 28, four days after Wellman and his companions left, the Ragnvaldjarl was broken up by the ice and totally lost. The men in charge of her managed to save some of the stores. A message was sent to Wellman, informing him of the catastrophe, and it reached him at Martens island. Mr. Wellman, Charles C. Dodge and two others then returned to Walden island. With material taken from the wreck of the ship they built a good house to accommodate the crew and as a precaution in case the expedition were compelled to winter at Walden.

Wellman left again to join the sledge party on May 31. He writes on the same date: "I have decided to proceed as previously planned, except that I intend to return to Walden island not later than Sept. 1, and to be at Danes island by Sept. 15." The latest news received from Mr. Wellman was of June 17 date, when Mr. Winship, a member of the party, with one man, left the expedition at a spot six miles east of Cape Platen, where the explorers had met with impassable ice and were waiting for open water. All were well. On the return of Winship to Walden island, Captain Bottolfson and three of the crew of the Ragnvaldjarl started on a journey southwards in aluminum boats, seeking sealers. They met the Malygen and Captain Pedersen consented to carry them to Tromsø. Here Captain Bottolfson will charter a new vessel and will return as soon as possible to Danes island.

In the meantime the Wellman party has gone north over the ice. Captain Pedersen expects that Wellman will reach Gillic island. Hyerdahl, a ski runner and sportsman from the University of Christiania, and a member of the Wellman party, has been sent to Danes island to join Professor Oyen.

POLICE TELEGRAPH.

Proceeding in New York That Is Somewhat Questionable.

NEW YORK, Aug. 3.—Upon the recommendation of Superintendent Byrnes, the police commissioners voted to make permanent the underground connection between the department wires and those of the Western Union Telegraph company that was established during the recent railway troubles in the west.

The police disavow any intention to exercise a censorship over news; all they want is in case of disorder spreading toward this city, to be sure of ample warnings. It was admitted, however, that this tapping of the nation's news system savors somewhat of the kind of espionage prevalent in France and Russia.

THAT PESKY ORGAN.

Is Causing No End of Trouble Among the Brethren.

WASHINGTON, Ind., Aug. 3.—At Odon, this county, the members of the Christian church have divided. Some don't want the organ played in church, claiming it is not proper to worship with machinery, while the others insist that the organ shall remain. As a result, those who want the organ played hold services in the church, the others in the woods near by.

Hailstorm in Pennsylvania.

ERIE, Pa., Aug. 3.—Heavy rain fell in this section, but at Wetmore hail fell to the depth of three inches. The hail was of the size of a walnut, and for many miles to the width of a mile. All crops, fruits and gardens were cut to pieces and entirely destroyed.

Equivalent to an Election.

NASHVILLE, Aug. 3.—At a primary election held yesterday in every county of the Fifth congressional district, Hon. James D. Richardson, the present member, was renominated. He had no opposition, and the nomination was nearly equivalent to an election.

A GOOD SUGGESTION.

It Would Not Be Wise to Get Into a Scramble Over a Short Term in Congress.

Editor Bulletin: Allow me to concur with you in your timely suggestion as to the advisability of electing Hon. R. K. Hart to the short as well as long term in Congress. This is no time to subject the party to the animosities incidental to a struggle for this place—especially when we have a standard bearer chosen without opposition who satisfies the wishes of all. Flushed with the hope of victory, born of the dissatisfaction and distress growing out of their own pernicious legislation, our adversaries present a solid front, and will use every means known to politics to compass our defeat in this district at the coming election. We should therefore take no chances, introduce no elements of discord, but with common consent intrust this short term to our trusted standard bearer, and see to it that in this crisis, the Ninth district shall answer present to the Democratic roll-call. In saying this I am confident that I reflect the sentiments of the Democracy of this county and district and I will add that your suggestion of yesterday, if followed, will not only secure party harmony, but a glorious victory in November.

RUGGLES CAMP MEETING.

Many Maysville People Are There Enjoying a Two-Weeks' Vacation.

These well watered, shady and beautiful grounds are in good shape this year, and notwithstanding the dry weather the wells have plenty of water in them and no one need to want. Many of the cottages were filled with people yesterday, and others are expected to-day, so that most every room and cottage on the grounds will be occupied, as most all have been engaged. Maysville as usual will share largely in the privileges of the meeting and the advantages offered of enjoying two weeks vacation under favorable circumstances and at a small cost. The remark has been made that every kind of a tree could be found on the grounds.

Among the arrivals are the following ministers: Rev. G. R. Frenger, Presiding Elder Covington District; Rev. Amos Borching, D. D., Dayton, Ky.; Rev. John Cheap, East Maysville; Rev. L. P. Hanks, Vanceburg; Rev. Miles Wallingford, Toltlesboro; and Rev. D. P. Holt, Maysville.

PARKS' HILL.

Parks' Hill camp meeting began Thursday with a devotional service conducted by Revs. D. W. Robertson and T. F. Tallaferra at 7:30 p. m. The music is under control of Mr. Holaday, of Falmouth, assisted by Mr. Templeman and Misses Russell Brown and Hallie and Maud Tallaferra. The cottages are being filled rapidly, more being occupied the first day than has been occupied for years.

From Maysville and Mason County the following were on the grounds Thursday evening: Mrs. Charles Cook and Mrs. Luttrell, of Helena; Mrs. Lucy Keith, Miss Shaekeford, Miss Lida Ball and niece, Misses Clara, Lee and Bessie Linday, of Maysville.

Rev. H. C. Morrison, of Atlanta, Ga., preached for Woman's Foreign Missionary Society this morning, and this afternoon addresses will be made by Mrs. G. N. Buflington and Mrs. C. J. Nugent.

Electric Bitters.

This remedy is becoming so well known and so popular as to need no special mention. All who have used Electric Bitters sing the same song of praise—a purer medicine does not exist and it is guaranteed to do all that is claimed. Electric Bitters will cure all diseases of the liver and kidneys, will remove pimples, boils, salt rheum and other affections caused by impure blood. Will drive malaria from the system and prevent as well as cure all malarial fevers. For cure of headache, constipation and indigestion try Electric Bitters. Entire satisfaction guaranteed, or money refunded. Price 50c. and \$1 per bottle at J. J. Wood's drug store.

Fresh Blue Lick

received every few days at Chenoweth's drug store. For sale by the bottle and glass, ice cold.

Mr. Allen T. Wheatley arrived Thursday afternoon from St. Louis to spend a few days with friends and relatives and take in the fair.

MT. OLIVET.

Items of Interest From the Capital of Robertson—What is Going On in That County.

Another saw mill has been located on the Cray farm, near town.

Col. Marshall, of Sardis, has been on the sick list for several days.

G. A. Dietrich, of Pinhook, will spend the fall and winter in Florida.

Nearly all the springs, creeks, wells and ponds are drying up.

D. R. Kimbrough has been among his Robertson and Masou friends the past week.

John B. Mason and wife, of Pleasant Valley, were guests of her parents, J. Claypoole and wife.

Andrew Howard, of Masou, representing the combined tobacco warehouses of Cincinnati was in town the past week.

Mrs. Judge Kenton, of Shannon, has been here the past week, visiting her many friends and attending the encampment.

It has been suggested that a syndicate be formed, purchase the Sparks lot and erect a large hotel and town hall thereon.

Douglass McDowell, contractor of the new bank building at Brooksville, was here the past week and took in the encampment.

The dashing rain of last week did much damage to crops, particularly corn, which was blown to the ground and badly twisted.

James, aged twenty-four, son of J. J. Moreland, died in Harrison County, of pulmonary disease. He was distantly related to the Morelands of this county.

Look out for big crowds from Mt. Olivet at the Blue Ribbon Fair. Our boys have always had a tender feeling for old Maysville, because they are always made to feel "at home."

Drs. R. and J. E. Wells have received their certificates of membership in the Northeastern Kentucky Medical Society. The printer who executed the job understood his business.

The county convention came and went as predicted. Much bad feeling was engendered, which however, we hope will allay as time moves along.

Prof. W. R. Chandler, Principal of the Mayslick Academy, has been here the past week, the guest of his mother, Mrs. D. M. Reveal, and brothers, Dr. W. S. and Circuit Clerk Chandler. Prof. T. V. Chandler, of Lewisburg, has also been here.

Elder E. B. Borne will hold a protracted meeting at the Christian Church in August. Elder B., although only twenty-six years of age, is one of the ablest and most convincing pulpit orators in the State, and those who have never heard him will be amply repaid by attending this meeting.

Dr. J. E. Wells has received from a Chicago house a pastel crayon painting of the late W. B. Jett. It is nearly life-size, and as near the natural and perfection as it is possible to make. As one gazes at it, the eyes of poor Bow seem to follow the person in any direction he may take. All should see it.

Dr. T. M. Pearce, of Maysville, and, by the way, one of the dearest and most cheerful little fellows on earth, was a camp meeting visitor last week. Were our boys of loveliest of lovely girls glad to see him? Well, we should say. Come again, Doctor; Mt. Olivet will always receive you with open arms.

We notice some local papers seem to doubt our statement about Chas. Braumel once owning about 5,000 acres of land. The statement was correct, but we did not say the land was all in one body and all located in this county. Read the BULLETIN'S Mt. Olivet column for a plain statement of facts always.

Many remember, manifested an interest in, and often inquired about little, bright, afflicted Josephus Dumont, son of the notorious Charles Dumont, of color. Joe died at Millersburg some time ago of fever. Young and crippled as he was, he had accumulated enough, the contributions of sympathetic friends, to pay his burial expenses.

Jonathan and Edmund Claypoole are twin brothers. The former is the father of seven children, six of whom are living—four married—the latter is the father of sixteen children, fourteen living, and several of whom are married—the whole healthy people as the State contains. Edmund Claypoole served in the Confederate army during the war.

Charles Barnett and wife, of Cynthia, have been the guests of his parents, Ambrose Barnett and wife. Charlie is local Superintendent of the Industrial Life Insurance Company, Louisville, with his headquarters at Cynthia. He is deserving of great credit, in that he is an honorable young man; does his work well, and has the confidence of his employers.

Rev. P. H. Ebright and wife, of Grant County, are guests of friends here. Brother Ebright was pastor of the M. E. Church of Mt. Olivet a few years ago. He is now stationed on Cordova and Corinth circuit and doing good work. He assisted in the love feast services at the encampment Sunday morning. He is a gentleman and a Christian, and will always be liked and respected wherever he is located.

The following is an approximate estimate of the amount of leaf tobacco held by Robertson dealers: Throckmorton & Wells, over 225,000 pounds; Deming & Wells, over 100,000 pounds; E. M. Newmann, nearly 100,000 pounds; G. W. Bratton, about 75,000 pounds; Tilton & Son, about 75,000 pounds; E. Kenton, about 70,000 pounds; Buckner & Hall, about 60,000 pounds; Neal Balligal, over 100,000 pounds. Besides the above, a considerable quantity has been bought by dealers in the adjoining counties. About 300,000 pounds yet remains unsold in the hands of our farmers. With an upward tendency in the price of the weed, money matters will certainly improve here at no distant day. The outlook is also encouraging for average crops this year, with the exception of tobacco.

James Bland, Logan and John Marshall, A. J. and G. W. Stiles, of Sardis, Carl Staton, H. H. Poague, Ben F. Metcalfe, Younger Alexander and family, Brooksville, Newt Watson and family, Grant Kilpatrick, Claude Cleary, Shannon; Dr. N. Wells, Noah Williams, Sylvan Dell; Hugh Trigg, J. M. Chandler, Fairview; James Patton, Elizaville; George Galbraith and family, of near Bridgeville, Brackee County; Thos. Tyler, Germantown; C. Cummins, Sunrise; H. T. Jett, Powersville; W. B. Ogdon and family, Milford; Owen Taylor and Miss Mamie Moreland, Elizaville; Joe Will, Kenton and Miss Sadie Rafferty and James Keuton, Blue Licks; James Snodgrass, Claysville; B. F. Payuter, Winchester, were among the many from far and near who attended the encampment. And all were highly pleased.

A. W. Thompson and C. T. Anderson sold to Tracy & Wilson, Lexington, a fine black saddle gelding at a fancy price. At no late day has a better saddler been in the county than this gelding. Mr. Thompson handled it when it was a three-year-old, exhibited it and took premiums

The Old Friend

And the best friend that never fails you is Simmons' Liver Regulator, (the P. & Z)—that's what you hear at the mention of this excellent Liver medicine, and people should not be persuaded that any other else will do.

It is the King of Liver Medicines; is better than pills, and takes the place of Quinine and Calomel. It acts directly on the Liver, Kidney and Bowels and gives new life to the whole system. This is the medicine you want. Sold by all Druggists in Liquid, or in Powder to be taken dry or made into a tea.

at Germantown and other fairs. By the way, friend Thompson, by birth and intuition is a Mason County man. He is Robertsonian by adoption. Like all good citizens of Masou, his intent is always to do the right. As he becomes more acquainted, the stronger the attachment becomes for him. He is a reader of the BULLETIN, and the experience of the past few weeks amply convince your scribe that more than one man reads the BULLETIN. The largest delegations at Penn Grove camp meeting, during week days and on Sundays, came from Mason County, from all parts of that county. They heard principally about the meeting through the columns of the BULLETIN.

IT CAME TRUE.

Congressman Paynter Has About Concluded There's Some Significance in Dreams.

The Enquirer's Washington correspondent says: "Representative Paynter says that he has almost concluded that there is some significance in dreams.

"He had a warm friend in his canvass for the nomination for Judge of the Court of Appeals in the person of Master Dick Dickerson, the nine-year-old son of ex-Congressman W. W. Dickerson, of Williamstown, Ky. Before the news of Mr. Paynter's nomination had reached Williamstown, Dick arose and, before dressing, related a dream he had during the night which was that he and his father were traveling and stopped at a station he did not know; that while there his father advised him to go into the court house to wait for him, which he did. In it there was a large, fine court room where Mr. Paynter was holding court.

"Mr. Dickerson, being loyal to the Sixth Congressional district, admonished Dick not to tell his dream before breakfast as it might come true and hurt his district. He replied: 'If that will make it come true I will tell it to mamma before I eat,' and he did so. It is needless to say that Master Dick was wild with joy at the news of Mr. Paynter's nomination."

Associate Principals, M. F. L., Richmond, Ky.

LEXINGTON, KY., May 20, 1894.
 It gives me pleasure to say that I am well acquainted with the character and the work of Mrs. A. R. Bourne and Miss Alice Lloyd and that I think the Madison Female Institute very fortunate in securing their services in its management. They are both ladies of culture, executive ability and skill in the art of teaching. No parents in Kentucky or elsewhere need hesitate to put daughters under their care and instruction.

To Whom It May Concern: Having learned that my friends, Mrs. Anna R. Bourne and Miss Alice Lloyd, have engaged to take charge of Madison Female Institute, it gives me pleasure to say that they are in my opinion in every way qualified for the responsible position. These ladies have had fine opportunities of learning the best methods of teaching in some of the most celebrated seminaries in the land. This, combined with rare ability and some ten or twelve years' experience in the school room, gives assurance of success in their undertaking. Mrs. Bourne and Miss Lloyd as Associate Principals, will be aided by a corps of able teachers; and from my knowledge of their ability, energy and christian culture, I am sure they will do good service in the cause of Christian education. In this expectation I commend them to their enterprise to the patronage of the public.

The Committee on Wharves and Ferries reported adversely on the petition of the owners of the steamer Henry M. Stanley for a reduction of wharfage, and the report was approved.

Mayor Cox and the Committee on Ways and Means reported that the past due water bonds amounting to \$28,000, and bearing interest at 6 per cent., had been taken up and paid off, and that for this purpose a like amount of bonds bearing 5 per cent. had been issued and sold.

The holders of twenty-two of the old bonds had exchanged them for new bonds. The old bonds were burned in the presence of Council.

Mayor Cox read additional correspondence with Assistant Superintendent Lewis of the C. and O. in regard to protecting the crossings at Commerce and Lexington streets. The company has decided to put in the Selden automatic electric bells. A proposition to that effect was read, as was also a letter from officials of the B. and O. Railroad certifying to the efficiency of this signal. The report of Mayor Cox was received and he was instructed to notify the company to put in the bells at once.

Mayor Cox reported that W. F. Eitel was fined the past month for selling liquor to a minor but that he had appealed the case to the Circuit Court.

The following petitions were granted: R. A. Cochran and A. M. J. Cochran to lay sewer from house near the corner of Sutton and Third to the Third street sewer. Hays Thomas, to erect addition to building on Lindsay street. R. C. Owens, to move and remodel a frame cottage on Commerce; John Conbois to erect a small frame house on Commerce. John Moore & Co. were granted license to conduct a coffee house on East Fourth street.

The petition of James Limerick and James W. Fitzgerald for permission to erect poles in the streets and alleys for the purpose of operating a telephone system was read and referred to the Committee on Propositions and Grievances, with the Mayor added.

The matter of putting down a brick gutter in front of the Martin property at Limestone and Second was referred to the Committee on Internal improvement with power to act.

The question of granting permission to C. M. Phister to erect a small addition to residence on Limestone street was referred to Committee on Propositions, with power to act.

An order was drawn on the Treasurer for \$3,290 of the Bank of Maysville to pay interest on outstanding bonds.

Bonds amounting to \$4,000 were ordered issued and sold to pay current expenses and the interest just mentioned.

The salaries of the three fire companies were allowed.

Council then adjourned.

PEACEFULLY SHE SLEPT,

But 'Twas the Sleep of Death—The
Venerable Mrs. A. B. Miner
Passes Away.

The venerable Mrs. A. B. Miner, relict of the late S. S. Miner, died last evening about 6 o'clock at the family residence on West Second street.

Mrs. Miner had been in very feeble health for several years, and yesterday members of the family realized that the end was near. About 6 o'clock she peacefully sank into what was thought a gentle sleep, but the loved ones at her side soon discovered it was the sleep of death.

Deceased was born on Jersey Ridge, this county, in 1816. Most of her life was spent in this city, and no one was more greatly loved by her friends and more highly esteemed by the community than she. Mrs. Miner was one of the oldest members of the Christian Church of this city, and her life was characterized by her faithful devotion to the Master's cause. Her maiden name was Brooks, her brother and a nephew, Revs. John A. and John T. Brooks, being ministers of the Christian Church. The latter was the Prohibition nominee for President a few years ago. Her husband, the late S. S. Miner, long one of Maysville's most successful business men, died in 1884. Of their children, only two survive, Mr. W. C. Miner, of this city, and Mrs. Bettie B. Smoot, of Louisville.

The funeral will occur to-morrow afternoon at 4 o'clock at the family residence, services by Rev. E. B. Cake. Friends of the family invited. Burial private.

BLUE RIBBON WINNERS.

Big Crowd Present the Second Day of
the Fair—Successful Exhibitors
The Races.

The second day of the Blue Ribbon fair and races brought out a big crowd. While the attendance was not quite up to that of former years, yet it was very gratifying to the management.

The exhibition in the arena consisted of saddle and roadster stallions and harness mares, and some fine horses contested for the blue ribbons. Following is a list of the successful exhibitors:

Saddle stallion, four years old and over: C. T. Donnell, Carlisle, \$15.
Saddle stallion, three years old and under four: T. M. Galtkill, Minerva, \$15.
Saddle stallion, two years old and under three: T. M. Galtkill, Minerva, \$10.

Harness mare, four years old and over: J. M. Ware, Augusta, \$15.

Harness mare, three years old and under four: J. J. Hunter, Millersburg, \$15.

Harness mare, two years old and under three: W. R. Cribfield, Germantown, \$10.

Harness mare, one year old and under two: Douglass Jones, Mason County, \$10.

Roadster stallion, four years old and over: McClelland Bros., Millersburg, \$15.

Roadster stallion three years old and under four: J. W. Fitzgerald, Maysville, \$15.

Roadster stallion, two years old and under three: Harvey Scott, Manchester, \$10.

Best harness horse, mare or gelding: McClelland Bros., Millersburg, \$20.

The 2:17 and 2:21 trots and a half-mile running race were on the day's programme. In the 2:17 trot, Token was the favorite before the start, but he was not in it with the others, and was drawn after the second heat. Dottie Wilkes had things her own way, and showed too much speed for the rest of them, winning in straight heats. Summary:

Dottie Wilkes..... 1 1 1
Celerrima..... 2 5 2
Pat My Boy..... 3 2 4
Folly..... 4 3 3
Token..... 5 4 dr

Time: 2:17½, 2:17¾, 2:17¾. Purse, \$100.

Celerrima was set back in the second heat for repeated breaking.

The 2:21 trot was taken by Cut Glass without much trouble. She finished the second and third heats in a jog. Summary:

Cut Glass..... 1 1 1
Mary..... 3 3 2
Olma..... 2 4 4
Waseon..... 4 2 3

Time: 2:20¾, 2:23, 2:26. Purse, \$100.

The running race was a half-mile dash for a purse of \$75. It was won by E. H. Martin's Blanche Renau, who had the lead from start to finish. Time, :50.

THE REGULARS AT ASHLAND.

The Umpire Gave 'Em the Worst of
It, and They Quit After
Eight Innings.

Particulars of Wednesday's game of ball between the Regulars and the Ashlands on the latter's grounds are at hand. The Maysville team played an errorless game up to the fifth inning, the score then standing 8 to 4 in their favor. In this inning Sparks gave two men bases on balls, Brunner muffed a fly, Davis fumbled a grounder and Hill made a wild throw and the Ashlands got in five or six runs. With all this, the Regulars would no doubt have won had not the umpire given them the worst of it. Even the Ashland News admits that "their kicking was not without reason." The Irononian, of Ironton, says "the liberal minded spectators" attribute Maysville's defeat to "the yellow decisions of the Ashland man who umpired the game."

At the close of the eighth inning of yesterday's game Captain Cox called his team off the field on account of the umpire's rank decisions. The score was 9 to 8 in favor of Maysville.

THREE PERSONS INSTANTLY KILLED.

Thrashing Engine Boiler Explodes, Doing Great Destruction.

DAHLGREN, Ill., Aug. 3.—The boiler of a thrasher engine exploded on a farm two miles east of this place yesterday afternoon, resulting in the death of three persons, the serious and probably fatal injury of two, and slight injuries to several others.

The killed are: Bruce Miller, engineer, and two boys about 10 or 12 years of age, the sons of John Underwood.

The seriously injured are: William Cremins and Elmer Hook.

Miller was working on the engine at the time of the explosion. He was blown a distance of 50 feet. His clothing was all torn from his body, and a piece of iron passed through his body, which was badly disfigured. The Underwood boys were also blown a considerable distance and their bodies badly mutilated. Hook was struck in the back by a flying missile and can not live. Cremins was badly scalded, and it is thought fatally.

Joy Rins Riot.

SOUTH END, I. T., Aug. 3.—There is much rejoicing in South End because of the receipt of the news of the passage by the senate of the bill insuring the building of a depot here by the Rock Island. Two thousand people assembled on the public square and speech-making and fireworks were the order of the night. The enthusiasm is unbounded, some of the people going so far as to suggest that the prisoners be released from jail to join in the demonstration.

Charged With Conspiracy.

CHICAGO, Aug. 3.—C. A. Kellar, an organizer of the American Railway union, was arrested last night on a charge of conspiracy preferred against him by George R. Angle of the grocery firm of Ralston & Angle of Danville, Ill. Kellar said last night at the police station that he had written some resolutions calling upon union men to boycott the grocery firm for selling provisions to the new men employed on the Chicago and Eastern Illinois.

Strong Pressure For Work.

CHICAGO, Aug. 3.—A rumor that the war between China and Japan had resulted in the placing of large orders for meats with stockyard firms by European governments led several hundred people to the yards yesterday in search of employment. The pressure for work was strong and at Swift & Company's who, it was rumored, had received large extra orders for canned goods, the crowd outside the doors became so great that three extra police officers were called. When it was found that there was little extra activity the crowd fell away.

Election in Tennessee.

MEMPHIS, Aug. 3.—Specials to the Associated Press show that the Democrats have carried Haywood, Madison, Gibson and Fayette counties by from 1,000 to 1,500 majority. McNairy county is doubtful. This (Shelby) county is safely Democratic. The Republicans and Populists fused in all of the above counties with the exception of Shelby, where an independent ticket was put forth.

Idaho Populists.

BOISE, Ida., Aug. 3.—The Populist convention made the following nominations: For congress, James Gunn of Boise; for governor, K. J. W. Ballentine of Bellevue. The convention declared against fusion with the Democrats by an unanimous vote. The resolutions declare in favor of woman suffrage.

Sovereign in Politics.

BIRMINGHAM, Ala., Aug. 3.—J. R. Sovereign, grand master workman of the Knights of Labor, appeared here last night on the stump for the Kolbite-Populist ticket. Mr. Sovereign attempted to arraign the Democratic party, but was compelled to desist, as the crowd interrupted him at each effort.

Death From Firedamp.

CALDWELL, O., Aug. 3.—David Morris of near Keiths, Noble county, while engaged digging a well yesterday afternoon lost his life by coming in contact with firedamp in the well. His brother, Thomas, in his efforts to save him, had a narrow escape from instant death from the same cause. Morris was about 55 years of age, married, and leaves a wife and several small children.

Miners Returning to Work.

STREATOR, Ill., Aug. 3.—At a mass-meeting of the miners of Streator and vicinity yesterday it was resolved to go to work next Monday at the Columbus scale of prices. This virtually ends the big strike in the northern Illinois district, which has lasted nearly four months. The only proviso made by the miners is that the operators do not blacklist men engaged in the strike.

Coining Silver Dollars.

WASHINGTON, Aug. 3.—Reports to the director of the mint show that since orders were issued to resume the coining of silver dollars, the mint at New Orleans has turned out \$263,000, and the mint at San Francisco \$160,000, making \$423,000 in all. The seigniorage on this amount is about \$127,000.

Collision on a Bridge.

SIoux CITY, Aug. 3.—Two freight trains on the Chicago, Milwaukee and St. Paul road collided on a bridge over the Sioux river yesterday. A number of cars were wrecked and thrown into the river. The trainmen and several passengers jumped and escaped with slight injuries.

Wasn't Killed in the Riots.

WASHINGTON C. H., Aug. 3.—Charles Parker, supposed to have been killed in Chicago during the riot, turned up in Colorado Springs to the intense relief of his friends here.

Charged With Vagrancy.

CHICAGO, Aug. 3.—"Solly" Smith, the prize fighter, and Jack Flaherty, pugilist, were in court here yesterday charged with vagrancy. They were fined \$50 each, suspended on condition that they leave town in 24 hours. They promised to leave.

Ho! For Oligo-Nunk.

First week day excursion to Oligo-Nunk, (the place of caves), Thursday, August 9, 1894, via C. and O. railway. Special train will leave Maysville at 9:23 a. m., arrive at caves at 12:00 noon. Returning, train will leave Oligo-Nunk at 5:30 p. m. Round trip only \$1.50, including admission and guides through these newly discovered four wonderful caverns. Fine grove and large pavilion with restaurant services on the grounds. See small bills for further information.

Four Hours' Strike.

GREAT FALLS, Mont., Aug. 3.—Work everywhere in the yards of the Montana Central railroad stopped at 12 o'clock yesterday, and the westbound train was delayed for two hours in getting a non-union engineer. The local union of the American Railway union decided in the forenoon they would uphold Engineers Bowker and Murphy, and the strike was inaugurated because the master mechanic refused to reinstate them. About 4 o'clock the men decided to go work pending an investigation.

Saloon Blown Up.

ARLINGTON, Ind., Aug. 3.—James Geraghty, a saloonkeeper of Rushville, undertook to extend the liquor traffic into the quiet little town of Arlington. The building was blown to pieces recently by some terrible explosive. Geraghty at once rebuilt, and had just laid in a supply of goods, intending to open in the morning, but during the night the building was again blown up, presumably with dynamite.

British Couple Assassinated.

COLUMBIA, S. C., Aug. 3.—While sitting in his home with his four days' bride, Samuel Blackburn, a colored farmer, living near Lowndesville, S. C., was shot by an unknown person from the outside. He was filled with buckshot and instantly killed, and his bride was mortally wounded. It is thought that a defeated rival for the hand of his wife committed the deed. A posse is searching the country for him, and if caught he will be lynched.

Bank Receivers Appointed.

WASHINGTON, Aug. 3.—The comptroller of the currency yesterday appointed A. Edgar Beard, of Portland, Or., receiver of the Baker City National bank of Baker City, Or., which suspended payment on the 1st instant, and Richard T. Cox, of Pendleton, Or., receiver of the First National bank of Arlington, Or., which was closed to business July 26.

KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers, and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all druggists in 50c and \$1 bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.

Ruggles' Camp Meeting

The time for holding the meeting on these well-improved and beautiful grounds will be from
August 2nd to 16th, 1894.

Eminent clergymen will be present—men of learning and popular talent. Among these will be Rev. Joseph H. Berry, D. D., Editor of The Epworth Herald, Chicago, and Rev. Davis W. Clark, A. M., of Union Church, Covington, Ky., and Ministers of the Covington and Ashland Districts. Revs. G. R. Frenger and H. J. Ramey, Presiding Elders, will have charge of the services. All Ministers of the District are expected to be present. The Children's Chapel will be in charge of Rev. Anson Boreling. Professor W. G. Bloom will have charge of the music, assisted by a splendid choir. The privileges have all been rented to responsible persons: Hotel, Charles Shekell and J. R. Hinton; Confectionery, Plummer Bros.; Barber Shop, and Baggage, D. A. Cadwallader; Stable, Jack Hendrickson. Omnibuses connecting with boats and trains, under the control of Barbour & Politt, will make two trips daily, morning and evening, to and from Maysville, fare 50 cents. Admission 10 cents. Any one too poor to pay will be admitted free. W. B. Dawson of Maysville and others will see that good order is maintained. Any one desiring cottages write I. M. LANE, Maysville, Ky.
